Help to Identify Deployment Requirements

Access the Battle Command Knowledge Site (BCKS) to obtain information on requirements for your deployment into and redeployment out of the AOR:

• Access https://lognet.bcks.army.mil/lognet/ev_en.php and access the CFLCC folder to obtain information such as:

1. CFLCC Handbook for Deploying Units.
2. CFLCC deployment SOP.
3. Deployment FAQ's.
4. PBUSE TAC addresses.
5. CFLCC Redeployment SOP.
6. SBE/TPE information.

• LOGNET provides you with a forum to ask questions and receive feedback on your various questions relating to property management.
• To access lognet, you must have a valid AKO userid and password.

Help to Identify Deployment Requirements

For More logistical information and links, access the G-4 page through Army Knowledge Online (AKO).

A sample of what the G-4 page provides are:

- The Deployment Asset Visibility System (DAVS) online.
- The TPE/APS deployment planning tool.
- The most current documents and messages
- AMC and other logistical command.
- Major Program Executive Offices.
